

FISHER EXPECTS BIG SURPLUS FOR NEXT GOVERNOR

Budget Aide Reports Sizeable
Balance After Many Big
Expenditures

\$53,000,000 IS EXPECTED

Large Credit Looms for Next
Administration, Says
Langhorne Man

HARRISBURG, June 2.—When the Fisher administration leaves office next January there will be a substantial balance in the State Treasury. This prediction was made today to Governor Fisher by his budget secretary, Arthur P. Townsend, of Langhorne.

Townsend prepared a financial review of the three fiscal years of the administration which closed today. The budget secretary assured Governor Fisher that the State's finances are in a "highly satisfactory condition," and indicate a balance of approximately \$53,000,000 for the next Governor.

During the three years of the present administration the State has embarked on the greatest construction programme ever undertaken. In this period, the Townsend report showed, the State spent approximately \$430,000,000 for all governmental purposes.

When the fiscal year closed today there was a balance of approximately \$66,500,000 in the various funds of the State Treasury. Most of this was in the general and motor funds, although the fish, game, banking and other funds contained substantial balances.

Estimated receipts of the State from all sources in the fiscal year which begins June 1 are \$157,200,000, while the anticipated demands are placed at \$170,000,000. If the revenues come up to expectations the obligations can be met and, Townsend says, "the next Governor will have a sizeable balance with which to begin the first fiscal year of his administration."

A review was made by the budget secretary of the work scheduled for completion during the present administration from funds appropriated out of current revenues. This work has all been carried out without any increase in taxes for general purposes.

The anthracite tonnage tax has been repealed on a gradual basis. Formerly this money went into the general fund. Increases imposed went for specific purposes, the review pointed out, such as higher automobile license fees, increased gas tax, hunters' and fishers' license charges.

Attention of the Governor was called to the constructive work provided for out of appropriations made during the Fisher administration. This included two new office buildings in Capital Park costing \$7,400,000; a Farm Show building, \$1,450,000; Soldiers' and Sailors' Memorial Bridge completed, \$2,860,000.

Appropriations of \$17,690,101 were made by the two legislative sessions of the administration to provide better housing at the State-owned penal, health and welfare institutions. Penn State College and the normal schools have been given \$7,340,000 for new buildings while \$2,306,900 was granted to build armories for National Guard units.

By the end of the year it is expected that 654,508 acres of forest lands and game preserves will be added to the public domain at a cost of \$2,603,570. That will bring the total holdings up to 2,632,713 acres owned by the State.

During the present administration it is expected that 2,925 miles of highways will have been built. That mileage will increase to over 10,300 miles the paved highway system of the State. During the present construction season, the greatest in the history of the department, plans have been made for the completion of 925 miles of new pavement and the replacement of 150 miles of worn-out roadway. On June 1 the department assumes responsibility for more than 2,500 county bridges on the highway system and many of these are being replaced with structures capable of meeting present-day traffic needs.

Appropriations for public education made by the two sessions of the Legislature total \$163,666,265, the Governor was told, while the total appropriations for welfare and health amount to \$84,001,279.

Townsend's report also covered changes made by the last Legislature concerning the fiscal end of the government. He lauded the creation of the Revenue Department which since last June 1 has been responsible for all revenue collecting functions. The report also pointed out advantages to be gained through the concentration in the Department of Property and Supplies the purchasing for all State agencies and also construction at State institutions.

FORT'S "SOLUTION" FOR AGRICULTURE GIVEN IN ADDRESS AT NATIONAL FARM SCHOOL; FRANKLIN FORT URGES SYSTEM BE ADOPTED

Agriculture Will Prosper When 6,000,000 Producers Co-
operate and Grow Diversified Crops — Founder's Day
Is Observed With Large Gathering in Attendance

DOYLESTOWN, June 2.—Several thousand persons from Philadelphia, New York and other cities attending the thirty-third annual tree dedication exercises at National Farm School yesterday heard Congressman Franklin W. Fort, of New Jersey, declare agriculture could be put upon a paying basis without an increase in the cost of farm products to the consumer.

The New Jersey senatorial candidate cast aside politics for a time and was the principal speaker at the exercises, held on the beautiful campus, where 200 boys from virtually every State are receiving a three-year course in scientific and practical agriculture without cost to themselves.

"The farmer, if he wishes to retain his individualism as a producer and not see his industry pass over into corporate form, with a few directing heads and the balance of 6,000,000 laborers, must be ready voluntarily to control his production to the needs of the market and pool his output with other farmers," Congressman Fort declared.

Mr. Fort declared he believed the answer of American agriculture, aided and strengthened in its purpose by such institutions as the National Farm School, would be to preserve the enormous economic, social and political advantage to the Nation of an independent, home-owning agriculture, prosperous and contented, through voluntary co-operation.

"Six million farmers unorganized, each growing what he pleases and when he pleases and marketing his product in competition with every other man of the 6,000,000, cannot survive in competition with the highly organized distributing organizations that feed the congested population of the modern city," the speaker continued.

"We can with entire confidence call upon the youth of America to enter the field of agriculture, with the certainty of permanent usefulness and the opportunity of certain profit. There is no reason in economics why a sound and efficient producing system, where through the elimination of wastage, both in production and handling, the American consumer in the city cannot get a better standardized product, without increase in price and yet reflect back to the farmer enough more for his product to transform his now unprofitable undertaking into a prosperous and a happy one."

Congressman Fort was the guest of Louis Schlesinger, of Newark, chairman of the National Board of Farm School, who was the presiding officer. In a brief message, Herbert D. Allman, of Philadelphia, president of the school, announced the gift to the school of a new \$30,000 alumni home on a plot of twenty-five acres adjacent to the school campus, the gift of the National Alumni Association of the school.

HOSPITAL LAWN FETE TO BE UNDER CANVAS

Innovation to Be Made This
Year to Guard Against
Stormy Weather

DATES ARE ANNOUNCED

The seventh annual lawn fete to be given for the benefit of the Harriman Hospital this year is to be held under canvas. This innovation is to be made to guard against inclement weather which for a number of years has to a certain extent more or less detracted from the success of the affair.

The fete is scheduled for July 9th, 10th, 11th and 12th and a complete change is anticipated. The Exhibition Tent Co., of Campgaw, N. J., has contracted to come to Bristol, erect, and supply tents and in general to assist in every way for the complete success of the entertainment.

This firm has been conducting outdoor affairs for 50 years. Last Saturday they exhibited at Englewood, N. J., the home of Colonel Lindbergh and his father-in-law, Ambassador Morrow.

The arrangement at Englewood was most creditable and the fete given for the benefit of the Englewood Hospital was a complete success.

"I Want To Be Happy" and "Tea For Two," the big song hits of the stage production, are sung by Gray, Miss Claire and the big beauty chorus. Other song numbers are "King of the Air," "The Dance of the Wooden Shoes" and "Japanese Ballet." The latter three songs are becoming as widely popular as were the two original hits.

EXTRA BASE HITS WIN FOR FEDERAL TEAM

Victors Creep Closer to Lead
In Twilight League
Race Here

FINAL SCORE IS 5 TO 4

Result of last night
Federals, 5; Independents, 4
Schedule for tonight
ST. ANN'S vs. EMILIE

By T. M. Juno

Extra base hits featured on St. Ann's field last night as the Federals crept closer to the league-leading Emilie team by beating the Independents, 5-4.

Of the total number of safe blows by both teams, which was twelve, seven were for extra bases. Mixed in with the Federals' six hits were two doubles and three triples. In with the Independents' six bingles were two twin-baggers.

By virtue of its win the Federals are within a half-game of the Emilie team which has won four games and lost one, while Mulholland's boys have won three games and also were defeated once.

Poor base-running by both teams cost several runs to go to waste. In the second inning, Brooks tried to stretch a double into a triple and was out at third. Previous to this play H. David was declared out for failing to touch third base while scoring on a hit.

For the Independents, Brushia failed to touch second base while enroute towards the plate on Hibbs' double in the third inning. Again in the fourth James Stallone tried to make three bases on his two-bagger and was out at third. His followed and the runner certainly would have scored had he held on to second.

Brushia, centerfielder of the Independents, had his batting stick silenced for the first time this season when he failed to connect for hits on two appearances at the plate.

Wilkinson, of the Federals, made his debut of the season with a perfect batting average. He had a pass, triple and single to his credit.

H. Cochrane made several nice catches in left field for the losers.

Score by innings:
First—McDevitt walked and stole second; Cochrane flew out to Jones; Dugan grounded to Stallone, McDevitt going to third; Dietrich tripped to left and McDevitt scored; L. David hit to Stallone who fumbled, counting Dietrich; Purcell's short fly went to J. Stallone.

J. Stallone was passed, and went to second and third on passed balls; Tullio hoisted a short fly to left which H. David caught; H. Cochrane bunted a hit down the third base line, scoring Stallone; H. Cochrane stole second; H. David went behind the plate for the Federals and Brooks took David's position in left field; Antonelli hit to Wilkinson whose throw to first had the runner beat but L. David dropped the ball for an error, H. Cochrane scoring; Antonelli stole second and third and continued to the plate on H. David's wild heave over Dugan's head; Hibbs was called out on strikes; Romeo was passed; Greco struck out.

Second—H. David received a pass; Wilkinson tripped to deep left; H. David scored on the play but was declared out for failing to touch third base; DeRisi hit a two-bagger to left and Wilkinson scored; DeRisi scored to Brooks' two-base hit to right; Brooks was out trying to stretch the hit, Antonelli to J. Stallone to Hibbs; Cochrane grounded out.

James Stallone rolled to Wilkinson; Dugan chucked out Jones; J. Stallone struck out.

Third—Dugan flew to Avella; Dietrich swung at a high third strike; L. David slammed a three-bagger to left but was stranded when Purcell rolled to Romeo.

Avella's fly fell into Deftisi's hands; a fast ball hit H. Cochrane; Brushia hit to L. David who threw to Wilkinson to force H. Cochrane but all hands were safe when the short-stop dropped the ball; Hibbs doubled to left, scoring Cochrane; Brushia also should have counted on the hit but he did not touch second and after going half-way to third retraced his steps and touched the keystone base; Romeo and Greco fanned.

FATALLY BURNED WHEN CLOTHING CATCHES AFIRE

Mrs. Albert Morgan, 36, Dies
In Harriman Hospital
Here

WAS VISITING SISTER

Deceased Had Been in Ill
Health for Over A
Year

Mrs. Albert Morgan, 36, of Washington, D. C., died yesterday at noon in the Harriman Hospital here as the result of burns received when she attempted to take her life while visiting her sister.

Mrs. Morgan, a former resident here, came to Bristol with her husband to make a holiday visit with her sister, Mrs. Louis B. Gorton, of Mill street. She had been ill for over a year and was terribly despondent and labored under the impression that she was suffering from an incurable disease. About a year ago she had an operation performed in Washington, and a few months ago had a second operation performed in Trenton, N. J.

The deceased retired Saturday night at about 9:30 and about an hour later Mr. Morgan and members of the Gorton household also retired. At three o'clock yesterday morning Mr. Morgan awoke and found that his wife had gone from the bedroom. Mr. Morgan summoned his brother-in-law, Louis B. Gorton, and the two began to search the house for the missing woman. Mr. Gorton found the kitchen door closed and as he forced it open saw that all the jets of a gas stove were burning high. Flames were licking the door and sidewalls. Mr. Gorton reached his arm into the room and shut off the gas burners and the firemen were summoned.

Mrs. Morgan was found on the floor terribly burned and firemen wrapped her in blankets and rushed her to the Harriman Hospital.

It is presumed that Mrs. Morgan had suffered a spell of despondency during the night and walked to the kitchen with the intention of ending her life by suffocation. She apparently turned on all of the burners of the gas stove which was equipped with a pilot light and this flame ignited the fumes as they poured forth from the opened jets.

The gas flames due to the fact that the jets were wide open blazed toward the woman and set fire to her night clothing and articles about the stove. She was overcome and fell to the floor sustaining burns of such a severe character that they proved to be fatal.

The deceased is survived by her husband, one son and several sisters and brothers and her mother.

The deceased was a native of Bristol and her maiden name was Miss Elmira Sommerfeld.

SUCH A JOY IN JUNE

The roses make the world so sweet.

The bees, the birds have such a tune.

There's such a light and such a heat.

And such a joy in June.

For June is the month of completion and realization. The month of the year's perfection. The month toward which all the other months have aimed and climbed.

We call it the month of brides, the month of girls in cap and gown, the month of roses, the month of poets, and we sympathize with the poets. Almost anyone must feel a weak stir of poetry down somewhere in his fundamental soul when June is at her best.

And so the picnickers go out to take the best from June and leave rubbish and ugliness as a reward. And people who do not think of the woods during eleven months respond to the inevitable call and make Vandal incursions into Paradise. But nothing can spoil June. Her bounty of beauty is too abundant. The day of June must ever be the rarest and loveliest of earthly treasures.

ECONOMICAL ADVERTISING

Competition for business is keen and likely to remain so. This year and the year following are a time to buy advertising economically, to match in advertising the increased efficiencies of production.

Newspaper advertising is low cost, productive, localized advertising. It is the logical aid of business at a time when volume is large, when hand-to-mouth buying puts a premium upon flexibility and control. Newspaper advertising permits more speed because it has four-wheel brakes.

Newspaper advertising can be focused without waste upon the markets of the greatest buying nation on earth. It reaches the greatest number of people and its seed is sowed in fertile soil. That is, the merchant buying newspaper advertising space knows it is covering his trade area and reaching the maximum number of old and prospective customers in that territory.

The Courier is leader in this rich market for advertised goods. Its readers look to it for shopping information and news of the commercial world, and its advertisers look to it to apprise the public of shopping advantages and opportunities they offer.

Newspaper advertising, and newspaper advertising alone, can sell everything from patent medicine to automobiles. It had done it, is doing it and will continue to do it.

Earn while you learn.

GRAND THEATRE

Ever in search of novelty to please the eyes and ears of the screen fans, Fox Movietone has produced something new in the way of a musical extravaganza with its "Let's Go Places," which will make its bow before the local public at the Grand Theatre today and tomorrow.

The story is light and rapid, as most musical themes are, but it gives rise to dozens of hilarious situations, which, with the catchy melodies and glittering background of Hollywood at play, results in a thoroughly enjoyable piece of film entertainment. A young singer and his enthusiastic manager decide to try their luck in the talkies, and go to the screen capital in hopes of getting a test. The singer's selection of a stage name involves him in a muddle of intensely amusing difficulties and his manager's efforts to smooth things out only make matters worse.

The whirlwind finish provides both a climax of laughs and a satisfactory solution of all the troubles that beset the various characters, and several unique dance numbers and a gorgeous ballet or two amply gratify the audience's taste for the spectacular.

Joseph Wagstaff portrays the tumbling tenor and Lola Lane is cast as the film star with whom he has a rather bumpy love affair. Frank Richardson furnishes much of the comedy as the effervescent manager, and Walter Catlett, Sharon Lynn, Dixie Lee, Charles Judels, Ilka Chase and Harry Steers all enact prominent roles.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natur-

al movement without forming a habit or ever increasing the dose. Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. Charles I. Bowen.—(Adv.)
